1. How do manage being an actress, singer and model?

I take each day and every opportunity at a time...and in between, I have a lot of fun! I am very passionate about my craft and to me they are all one in the same. You will usually find me singing on my way to an audition and skipping on my way out. One of my motto's, Just be You!

2. How do you feel being a winner of the young entertainer award on Disney?

I was so honored and really surprised to have been the recipient of the YEA, Best Performance in a Television Series for my role as Savannah on Bizaardvark on the Disney Channel. I felt so grateful to have my performance recognized among my peers and for the opportunity. Please don't pinch me yet....I am still overjoyed!

3. What do you love most about providing child support?

I had such an incredible experience on Season 1 of ABC Child Support. We all had a great time with Ricky Gervais and the entire production team. Besides having my friends to collaborate with in answering the correct answer for each question, it was just pure fun and a time to challenge myself.

4. Who is your role model?

My mom! Zendaya has been a role model in the industry that I have looked up to for not only her acting, singing and

dancing career but her influence in lifting up other girls like my self. She gives back to her community and thrives in being her Authentic Self!

5. What do you really love about your career?

I love the opportunity to be expressive and show my passions. Whether it be singing, acting, modeling, dancing, playing the ukulele, or baton twirling, they all are outlets for me to express my self. It is an incredible experience to learn from some of the best in the industry and I enjoy meeting so many diverse and passionate people.

6. Who Inspires you?

That is a tough question for me. I have a long list of people that have inspired me to become my best Me! From Rosa Parks, Martin Luther King Jr, my friend Vincent who beat cancer, my new friend who is homeless with her mother, to the street performer who shares their passion with everyone...we can learn so much from those around us.

Thank you for your time.
